THE QANTAS ENGINEERING/BASE MAINTENANCE TRANSFORMATION JOURNEY

QANTAS ENGINEERING'S BRISBANE BASE MAINTENANCE IS CURRENTLY ON A TRANSFORMATION JOURNEY THAT BEGAN BACK IN 2015.

The focus is to achieve a reduction in cost and turn time using basic lean concepts and at the same time safeguard the quality and standard of our maintenance checks on widebody and narrow body aircraft.

HOST OVERVIEW

Qantas operates one of the largest aircraft engineering and maintenance organisations in the Asia-Pacific region.

With over 90 years aviation experience under our belt we have earned an international reputation for safety, quality and effectiveness in airline maintenance.

At Brisbane Base Maintenance we provide dedicated support for Airbus A330 and Boeing 737 aircraft fleet types.

From AOG support, modification programs, support shops and 'letter' checks in two multi-bay state of the art hangars.

Brisbane Base Maintenance employs over 500 staff and holds both CASA and FAA Base maintenance approvals to be able to provide a wide variety of services to both Australian and overseas airlines.

RECOMMENDED FOR

★ CI & Lean Managers ★ Managers

PARTICIPANT ARRIVAL

Report to the site promptly at 8.00am for parking, security registration and induction.

Please bring along your business cards for networking purposes.

NOTE: The host company may refuse entry to people/organisations that are considered competitors or fail to comply with their environmental, health and safety policies, regulations, and instructions.
